BACKGROUND:

The WIA Section 136(b)(2) specifies 15 core performance measures for the WIA program. The Secretary of Labor provides detailed definitions of these measures in TEGL 7-99. The WIA Section 136(c)(2) states that the Local Workforce Investment Board (LWIB), the chief elected official, and the Governor shall negotiate and reach agreement on the local levels of performance for each of the core performance measures. Working in collaboration with the California Workforce Investment Board, the Employment Development Department's Workforce Investment Division (WID) has delegated authority to implement this negotiation process.

The WID published preliminary local area performance goals in WIA Draft Directive WIADD-92 (March 17, 2005). In response to that draft directive some Local Workforce Investment Boards (LWIB) made counter proposals to the WID. These proposals have been evaluated and resulting adjustments to the performance goals are incorporated through this directive.

POLICY AND PROCEDURES:

The data published in the attachment provides the basis for determining PY 2004–05 exemplary performance incentive awards and for determining those local areas required to complete corrective action plans for nonperformance. For details on the exemplary performance process please refer to WIA Directive [WIAD04-12](#) (January 21, 2005). For information regarding the definition of nonperformance please refer to WIA Directive [WIAD02-4](#) (September 18, 2002).

If a local board that requested renegotiation in response to WIA Draft Directive WIADD-92 wishes to discuss the final goals included in this directive, please contact Liz Clingman, Manager, WID System Support Section at (916) 654-9699, by October 31, 2005.

ACTION:

This information should be made available to all program staff and the LWIB.
